MONTENEGRINS IN REVOLT AGAINST SERB OCCUPATION

State of Rebellion Exists—Fighting in Entire State.

By Associated Press Leased Wire
London, Eng., Aug. 28.—Fighting has broken out everywhere in Montenegro and the whole country is in a state of revolution, according to news received here. The Serbians are using strong measures in an attempt to suppress the uprising.

"We seem to be in for a recrudescence of the Balkan trouble" was a statement made to the Associated Press today from an authoritative source.

Spirit Is Aroused.

The Montenegrins have cut the railway between Virpazar and Antivari, on the coast.

The Serbians are receiving reinforcements but are not meeting with success in their efforts to put down the revolutionary movement, according to the advice, which represent the Montenegrin national spirit as thoroughly aroused and the animosity of the people against the Serbians increasing.

The uprising in Montenegro seems likely to bring to a head the long smoldering differences between the Montenegrin supporters of former King Nicholas and the faction adhering to (Continued on Page Five.)

RACIAL EQUALITY PROVISION ASKED BY NEGRO BODIES

Predict Trouble Here if Something is Not Done.

By Associated Press Leased Wire
Washington, D. C., Aug. 28.—Asking for an amendment to the peace treaty so as to provide for racial equality, a delegation of negroes, speaking for the National Equal Rights League, told the senate foreign relations committee today that serious trouble might be expected unless better treatment were accorded negroes in the United States.

"The black man has given notice," said A. Whaley, a New York negro, "that he has suffered in the past will not be endured in the future. He means business now. There can be no compromise."

William Monroe Trotter, of Boston, secretary of the league, said the "oppression" of the negro in America was reaching a point where no one could be sure "that our land will be a land of peace."

Neither witness was questioned as to what he had in mind by these declarations. Only five of the seventeen committee members, all of them republicans, attend the meeting.

Ask U. S. Mandatory.

An amendment to give the United States a mandatory over the Kamerun, a German colony in Africa, was requested by Joseph T. Thomas, a negro of Cleveland, Ohio, representing the National Race Congress. American negroes, he said, would be recruited to police the territory under white officers.

A petition that all the African colonies taken from Germany by "divided" between Egypt, Abyssinia and Liberia," was filed by the League of Darker Peoples of the world.

Two amendments were proposed by the Equal Rights League. One would provide in the league of nations covenant that the members would "agree and vouchsafe to their own citizens the possession of full liberty, rights of democracy, and protection of life, without restriction or distinction based on race, color, creed or previous conditions."

The other would add a similar guarantee as a separate section of the treaty.

Chairman Lodge put into the committee record a statement by Dr. W. E. B. DuBois, formerly of Nanking university, declaring that through its foothold in Shantung and by reason of extra territorial privileges, the Japanese government was re-establishing throughout China an opium and morphine trade which China statesmen had wiped out after years of effort.

Plumb Plan Called Unreasonable Scheme

By Associated Press Leased Wire
Washington, Aug. 28.—The Plumb plan for tripartite control of the railroads was opposed in the senate today by Senator Smith, democrat, Georgia, who declared it was unreasonable and socialist. Senator Smith read a letter sent to the Chamber of Industry at Savannah, Ga., in response to a communication asking his support of the plan.

"This proposition is so unreasonable that its unfairness should be clear to the operators of the railroads," Senator Smith wrote. "Railroad employees ought not support it. They cannot afford to put themselves in the position of seeking unfair advantage over the balance of their fellow citizens."

Franklyn Smith, of the Kennedy Music Store, was in Amboy yesterday on business.

FRIENDS OF FREEDOM FOR IRELAND TO FORM COUNCIL IN THIS CITY

Committee Named Last Evening to Formulate Organization.

A very good attendance marked the meeting at the city hall last evening preliminary to the organization of a branch of the national organization known under the name of Friends of Irish Freedom. The object of the organization as explained by Attorney John E. Erwin, who acted as chairman of the meeting is to uphold Ireland's right to complete national independence and to form American public opinion on the justice of securing international recognition of the republican form of government by the people of Ireland.

Membership in the organization is open to all those who uphold Ireland's right to complete national independence and pledge their support in securing national recognition of a republican form of government established by the people of Ireland. The chairman in his remarks, read some very interesting figures which show that Ireland has a population of 4,330,213 persons and an area of 32,531 square miles. The governmental cost of Ireland in 1914 was \$65,000,000 and this year England has spent that amount in Ireland but has collected \$170,000,000.

Liberty cost Greece \$6 per capita per annum and Serbia the same amount. In Bulgaria the rate was \$7.50; in Switzerland, \$9; in Sweden \$13; in Portugal, \$14; and Norway, \$15, while in Ireland the per capita cost under British rule has amounted to \$40 per annum.

Chairman Erwin after giving a synopsis of the purpose of the organization, together with figures and tables, introduced the following speakers who briefly stated the history of Ireland, its relations with England and the desirability of taking steps toward the freedom of Ireland as well as relief for the oppressed wherever found: Father Foley, H. A. Brooks, Charles Hey and Father Quinn. A committee is to be appointed to report at a meeting to be held later.

ISSUES WARNING AGAINST BUYING HYSTERIA SCHEME

Atty. General Palmer Optimistic—Warns Liquor Sellers.

By Associated Press Leased Wire
Washington, D. C., Aug. 28.—Belief that definite progress is being made in the government's campaign against the high cost of living is expressed by Attorney General Palmer in announcing last night that the department of justice is meeting with success in obtaining from shoe manufacturers promises as to fixing maximum price on shoes.

With reports to the department indicating that slight downward trend in prices already has self, although it is not yet sufficient to be reflected in spot purchases on the retail market, Mr. Palmer declared that, given a fair chance, reports of the government to squeeze the inflation out of prices soon will show substantial results. Expressing satisfaction with the success so far attained, the Attorney General said he believes cumulative results will follow enactment by congress of amendments to the food control law providing criminal penalties for profiteers and hoarders.

Efforts of retail merchants to stimulate buying by predicting higher prices next season on clothing and other non-perishable articles were condemned by Mr. Palmer who warned the public not to be stampeded by this propaganda into a "buying hysteria." Extensive purchasing now, he said, would make such predictions come true.

Warns Liquor Sellers.

Liquor dealers who have been violating the war time prohibition law secure in the belief that they were safe because department of justice agents were too busy in the high cost of living investigation to give attention to them are due a rude awakening, according to the Attorney General. Recent arrests in New York and other cities, Mr. Palmer said, were only the forerunner of what is to come and those who believe prohibition laws can be evaded will be shown differently.

More Aviators Sent to Patrol Mex. Border

WONDERFUL TALK ON THE WORK OF SALVATION ARMY

Woman Head of Western Dept. Talks at Grand Detour.

Mrs. Commissioner Estill, who, with her husband, is in charge of Salvation Army activities in the United States west of Chicago, and as far west as Honolulu, gave a very interesting address last evening at the Colonial Inn at Grand Detour before a meeting of the Ogile County organization for the Salvation Army drive of the week of September 22 to 29.

The campaign is nation-wide, but the eastern states have raised their quotas and the above dates are allotted to Illinois, in which this state is expected to donate \$2,250,000.

All of this money raised in Illinois will be expended in Illinois. None of it will go to foreign missions or to any branch of the Salvation Army's activities outside of this state. It will be spent for the relief of our own people.

Dinner at Grandy

The Ogile County organization held its initial meeting at Grand Detour last evening. The workers from the various townships met there for dinner and to hear Mrs. Estill talk. Chairman Bradford Erinton of Lee county, Mrs. Erinton and other Dixon people were also present.

A Remarkable Woman

Mrs. Estill is a remarkable woman. She is intensely enthusiastic about Salvation Army work and it is plain that she is fired by a noble and Christian love. Her hair has silvered in the service of the Salvation Army. For over 40 years she and her husband have been (Continued on Page Two.)

EX-GOVERNOR OF COLORADO SPEAKS FOR THE PACKERS

"Might as Well Take Delivery Wagons as Their Cars."

By Associated Press Leased Wire
Washington, Aug. 28.—Attacks on the Kenyon and Kendrick bills for regulation of the packing industry were renewed today before the senate agriculture committee. E. M. Ammons, former governor of Colorado, headed a delegation of seventeen cattlemen from that state in opposition to the legislation.

"I'm not opposed to regulation by law," Mr. Ammons said, "but I am opposed to laws which give discretionary powers to officials to make laws."

"If you want to divorce packers from ownership of refrigerator cars—I think you might as well take away their delivery wagons—pass a law and say so. Don't let somebody have power to say whether they ought to have."

"The same for stockyards."

"Our experience is that when the yards are owned by people interested in the business we get more facilities and more competition than when some one owns them just for investment."

"Nor do I think you ought by license a control market news, for that is no freedom of the press. Make the law against circulating misinformation more stringent. That will be enough. But make all your regulations in law, so that every man can have a day in court before being penalized."

"Do you think there are any evils in the packing industry we ought to correct?" asked Senator Ransdell, democrat, Louisiana.

"There may be, but I know of none," the witness responded.

FIRE DEPARTMENT IS KEPT BUSY OF LATE

Sparks from a switch engine are thought to have set fire to grass and weeds near the gas plant of the Illinois Northern Utilities company on the river bank yesterday. The flames spread to a pile of lumber belonging to George Morris, house mover, and much of it was destroyed before the fire department could be called and extinguish the blaze. The department was called about 1 o'clock and soon had the fire under control before it spread to the gas plant.

The department was called upon to make three runs yesterday, answering the first call about 8:30 yesterday morning when they were summoned to the north bank of the river to extinguish a blaze that had started in the rubbish. Again about 1 o'clock they were called to the E. C. Smith school yard where a load of rubbish had been dumped and set fire. This was extinguished without loss and the matter reported to the police, who are investigating. The city has permitted the dumping of certain rubbish in the yard as filling, but the rule against inflammable material has not been obeyed and the fire department has made several runs to this place to extinguish rubbish fires.

FORMER DIXON GIRL IN MOVING PICTURES

Miss Fern Currier, formerly of Dixon, who recently went to San Antonio to live with her aunt and uncle, Mr. and Mrs. L. R. "Wheat Pit Just Like Cock Fights in Sulu"

By Associated Press Leased Wire
Chicago, Aug. 28.—Princess Tarhata Kiram, niece of the sultan of Sulu, and Carmen Aguinaldo, daughter of General Emilio Aguinaldo, the Tagalog chief of the Philippines, who left here today for Urbana, Ill. where they will attend the university of Illinois, visited the wheat pit of the Chicago board of trade and said they were more at home there than any other place in Chicago.

"It's like the cock fights at home," she said. "It is just the same as our cock pits and the men get just as excited."

ENORMOUS CROWD AT FAIR IS MAKING LEE COUNTY DAY SUCCESS

Fine Racing Opened Track Events Yesterday—Friday is Last Day.

Lee County Day at the big fair at Amboy today is proving all that the promoters expected and with a tremendous crowd—fully as large as that which has marked the fair on previous "big days"—on the grounds the festivities are moving at full swing. The special train from Shabbona this morning brought hundreds of pleasure seekers from the east end of the county, and all morning automobiles streamed into the city, each laden to capacity with happy merry-makers, all intent on making a big day of it.

There were thirty-eight entries in the three races programmed for this afternoon, and with the track in exceptionally fine condition some fine sport was looked for, following the excellent races staged Wednesday afternoon.

Tomorrow Last Day.

The fair will close tomorrow and another big crowd, with some fine racing, the live stock parade, and other usual "last day" features will mark the day. The entries in tomorrow's races are:

2:20 Trot.
Ego—P. F. Curry, Beloit, Wis.
Colonel H.—E. P. Harris, Ottawa, Ill.
Azle Flynn—R. Brown, Peru, Ill.
Naomi Girl—T. E. Beck, Dixon, Ill.

EXPECT FRANCE TO RATIFY PACT WITHIN FEW DAYS

Deputies Will Then Consider Anglo-U. S. France Treaty.

By Associated Press Leased Wire
Paris, Wednesday, Aug. 27.—(Delayed.)—Ratification within a short time of the peace treaty with Germany, now before the chamber of deputies, seems probable, despite the views of some elements that France is not guaranteed sufficient military protection by the document. The ratification vote, however, will not conclude the debate on the treaty. After the pact has been ratified "motions of regret" embodying the objections to such clauses of the document as have met with criticism, will be presented, thus reopening the debate. After these are disposed of the chamber of deputies will pass to discussion of the Anglo-American-French treaty for the protection of France in case of unwarranted aggression by Germany.

The debate on this pact is expected to be brief, as the government is considered likely to content itself with making a statement of the circumstances under which the treaty was signed and explaining what protection is affected by it.

The parliament then will take up the amnesty bill, in the controversy over which the opponents of the government are counted upon to marshal all their strength. Next on the program is the bill for the abolition of courts martial, followed by a measure calling for the division of Alsace and Lorraine into departments, like the other French provinces.

GOMPERS CONFERS WITH R. R. UNION HEADS ON AWARDS

A fall of hog prices to \$15 a hundred within three days was forecast by representatives of the big packing company at the stock yards today when resumption of trading showed the cause of Wednesday's slump still prevalent. Hogs of the canning variety listed at Wednesday's close at \$17 a drop of \$1.50 in one day, were offered today at \$16 with few changing hands. The bulk of sales at the opening of the market was around \$17, compared with \$23.55 early this month.

The packers remained out of the market and livestock experts predicted the biggest slump since the "Roosevelt panic" in 1907.

Arsenic Found in Coffee; 30 Are Ill

By Associated Press Leased Wire
Chicago, Aug. 28.—Arsenic was found today in samples of coffee taken from a downtown lunch room where thirty persons were poisoned yesterday according to health commissioner Robertson. He expressed the opinion that someone had put poison in the coffee urn with malicious intent.

It is expected that all of those taken ill after eating at the restaurant will recover.

ASHTON FORGER HELD AS THIEF IN WISCONSIN

Frank Davis, Accused of Forgery, Held as Auto Thief.

Sheriff Frank Schoenholz of Lee county has been notified by the sheriff of Jefferson county, Wis., that Frank Davis, the youth who is charged with having forged several checks around Ashton and Franklin Grove, has been apprehended on a charge of larceny and is lodged in the Jefferson county jail at Jefferson, Wis. Davis is accused of having stolen an automobile, and is being held by the Wisconsin authorities on that charge, which may make it difficult for the Lee county officials to get him back here for trial. A warrant was sworn out this morning by S. A. Durkos of the Franklin Grove bank, charging Davis with having cashed a forged check for \$75 on that institution. The check bore the name of Charles Hunt, of near Ashton, a former employer of Davis. It is also charged that four checks cashed by Davis in Rochelle and several in Ashton, none of which was for a sum less than \$25, bore signatures that were forged by the youth. The sheriff's office in Lee county is endeavoring today to ascertain from the Jefferson county officials whether it will be possible to get Davis back here for trial and if so, they will go to Wisconsin and bring him here.

CARNEGIE'S WILL SHOWS ESTATE OF ABOUT \$30,000,000

Iron Master Gave Over \$350,000,000 Away During His Life.

By Associated Press Leased Wire
New York, Aug. 28.—The will of Andrew Carnegie made public today estimates the value of the iron master's estate at between \$25,000,000 and \$30,000,000.

The will leaves the real estate and all the works of art and household goods to Mrs. Carnegie. The financial provision for Mrs. Carnegie and her daughter, Mrs. Miller, was made during Mr. Carnegie's life time.

Gave Away \$350,000,000.

A statement issued by Elihu Root, Jr., says that Mr. Carnegie's public gifts and charities during his life time exceeded \$350,000,000.

The fourth article of the will contains a series of legacies to charitable institutions, while the fifth article contains annuities to relatives and friends. The Carnegie corporation of New York is the residuary legatee.

An annuity of \$10,000 is bequeathed to former President Taft and annuities of \$5,000 each to Mrs. Grover Cleveland (now Mrs. Thomas J. Preston) and Mrs. Theodore Roosevelt, widows of former presidents.

An annuity of \$10,000 is made to Premier Lloyd George of England.

Public bequests include Cooper Union, New York \$50,000; Pittsburgh university \$200,000; Yale fund of the authors club of New York \$200,000; Hampton (Continued on Page Five.)

Hog Prices Dropped \$1 on Chicago Board Result H. C. L. Fight

By Associated Press Leased Wire
Chicago, Aug. 28.—Another drop in live hog prices at the Union stock yards where the animals fell off \$1.00 to \$12.5 a hundred weight today contributed to a weakened grain market, corn sagging to an extreme of 24 cents a bushel and oats 7 1/2 cents. Dressed pork tumbled, the September delivery opening at \$49.50, an even \$2.00 lower than the last sale yesterday. Lard and ribs also declined on the board.

In explanation of the lowered prices traders said agitation against the high cost of living was bearing fruit and that an outlet for large stocks of provisions was wanting. It was declared that eastern storage houses were crowded and that unless a further drop came there would be no outlet for the meat products.

A fall of hog prices to \$15 a hundred within three days was forecast by representatives of the big packing company at the stock yards today when resumption of trading showed the cause of Wednesday's slump still prevalent. Hogs of the canning variety listed at Wednesday's close at \$17 a drop of \$1.50 in one day, were offered today at \$16 with few changing hands. The bulk of sales at the opening of the market was around \$17, compared with \$23.55 early this month.

Mexicans Yield to Foreign Oil Interests

By Associated Press Leased Wire
Mexico City, Wednesday, Aug. 27.—(Delayed.)—The petroleum committee of the Mexican senate today presented a report on legislation regulating article 27 of the constitution of 1917, which nationalizes oil lands and at the same time laid before the senate a draft of a law regulating this article and eliminating all retroactive effects of proposed oil legislation. This is a concession for which foreign oil interests have been contending. The proposals submitted by President Carranza last November looking to the regulation of article 27 are now being considered by the chamber of deputies without decisive action as yet.

MINERS' OFFICIALS TO OUST BOLSHEVISTS FROM RANKS OF UNION

Say Substantial Element Will Not Go on State Strike.

By Associated Press Leased Wire
Springfield, Ill., Aug. 28.—Frank Farrington, president of the Illinois miners' union, returned here today to direct the fight against insurgent coal miners.

"Leaders of the rebellion played their last card yesterday when they assumed to call a state-wide strike," Farrington said. "The substantial element among the mine workers will pay no attention to the appeal. Fewer miners are striking now than in the first strike when not more than 15,000 men were idle."

President Farrington returned from Chicago where miners' officials and operators agreed jointly to remit fines in all cases where miners had returned to work on or before Monday, August 25. The penalties were assessed originally in connection with the Mooney protest strike of July 5.

To Oust Trouble Makers.

"Machinery of the state organization is being put in motion to root out trouble makers," said Farrington today. "Charters of all locals where strikes are still in effect next Saturday will be revoked, and leaders who persist in fomenting rebellion will be expelled from the union. Authority to take such action has been granted the state body by the international organization."

Operators here said there was no change in the Springfield subdistrict situation where about twenty percent of the miners are at work. The Peoria and Belleville sub-districts also were reported still strike-bound.

Members of the state policy committee of insurgents this morning were busy in the interest of their call for a state-wide cessation of work. They prophesied results within a day or two.

To Revoke Charters

Supplementing his announcement that fines would be remitted in the cases of miners who had returned to work on or before last Monday, President Farrington said other penalty cases would be taken up in the usual way provided the men complaining were back on the job by next Saturday when charters of striking locals are to be revoked.

Reports to miners' headquarters here this afternoon said there appeared to be no accessions to the ranks of the insurgent strikers as a result of yesterday's strike call, issued by the insurgent policy committee.

No violence was reported to the sheriff's office today in the vicinity of Springfield where there are a score of coal mines.

MISSING AIRMEN, BELIEVED LOST IN LAKE, LANDED

By Associated Press Leased Wire

Mount Clemens, Mich., Aug. 28.—Lieutenant H. E. Slater and Sergeant Strickland, believed to have been lost in Lake Ontario or to have been blown out of their course and landed in some out of the way region during their flight from Buffalo to Toronto in the international aerial derby, New York to Toronto and return, yesterday, are safe at Selbridge field, here, Lieutenant Thomas Gill, commandant, announced this morning.

Lieutenant Gill reported that Slater's machine developed engine trouble, causing him to head for his home field instead of continuing the flights to Toronto. Slater was in wireless communication with Selbridge field throughout his flight after leaving Buffalo, it was said.

Compelled to land shortly after leaving Buffalo, the aviators made temporary repairs to the motor of their plane. They reached Selbridge field late in the day. No apprehension for their safety was entertained here.

ULTIMATUM SENT TO STRIKERS BY UNION LEADERS

Men Must Return to Work By Saturday Morning.

BULLETIN.

By Associated Press Leased Wire
Washington, Aug. 28.—Saturday morning has been set as the time limit by which all striking railroad employees on the Pacific coast must return to work "or the brotherhoods will support the federal administration in its endeavor to operate trains wherever they have contracts."

This ultimatum was sent today from Cleveland headquarters of the four brotherhoods to the strikers and was communicated also to the railroad administration, which is understood to have completed plans for resuming train service if the unauthorized strike, denounced as illegal by the international officers of the brotherhoods, is not terminated.

It is understood that union men will be employed in moving trains if the strikers do not return to work.

By Associated Press Leased Wire
Cleveland, O., Aug. 28.—Unless members of the four railroad brotherhoods now on strike on the Pacific coast return to work by Saturday morning the brotherhoods will support the federal administration in its efforts to operate the federal controlled railroads, it was announced here today.

HOPE FOR SETTLEMENT.

By Associated Press Leased Wire
San Francisco, Cal., Aug. 28.—Hopes for early and radical improvement in the strike situation which virtually has paralyzed rail transportation in southern and central California were expressed today.

All the strikers had before them orders from their international officers to return to work, as well as a statement from Walker D. Hines, director general of railroads, that this order was "final" and that the government was "taking (Continued on Page 5.)

PRESIDENT WILL START HIS TOUR NEXT WEDNESDAY

First Speech on League of Nations at Columbus, Ohio.

By Associated Press Leased Wire
Washington, Aug. 28.—President Wilson will leave Washington next Wednesday on his speech making tour in the interest of the peace treaty, and will deliver his first address in Columbus, O., next Thursday, probably in the evening.

Cincinnati is not included in the itinerary, but Secretary Tumulty announced the president would speak at Indianapolis.

Accompanying the president will be Mrs. Wilson, Admiral Cary T. Grayson, Secretary Tumulty and a corps of secretaries and stenographers.

Among other places at which the president will speak will be Denver, Colo., and Coeur d'Alene, Idaho.

In California, the home state of Senator Johnson, one of the leading republican opponents of the peace treaty, the president will make three speeches, at Los Angeles, San Francisco and San Diego.

ALL MILITIAMEN ARE ORDERED TO ATTEND

Captain George Fruin has ordered every member of Company F to be present this evening at the regular drill. Each member will be expected to turn over the old rifles that have been in use since the organization of the company, which are to be shipped back to the state armory at Springfield. Plans for the all day hike and outing at Grand Detour, the second Sunday in September will also be discussed at the meeting this evening.

Here's Opportunity to Buy That Gunboat

By Associated Press Leased Wire
Washington, D. C., Aug. 28.—More than 100 naval vessels of widely diversified types, including seven old type gun boats, several converted yachts, one monitor, a tug and about ninety standardized submarine chasers of the 110 foot type, will be offered for sale to the highest bidders in the near future, the navy department today announced.

Frank L. Burns, Charles Bartholomew, J. H. Segerman, and Fred Homen returned early this morning from a business trip in northern Minnesota.

Dr. and Mrs. W. C. McWethy attended the Amboy fair on Tuesday.

AFRICA TO BE 'BOOM' CONTINENT

Washington, D. C.—"The war is over but the necessity for learning strange sounding names of new lands and peoples is far from over," says a bulletin from the National Geographic Society, in Washington, which predicts that "The spot light which has brought to view such little known peoples as the Czechs, the Croats, and the Ukrainians in Europe, now will be turned, in part, on Africa."

"Through the redistribution of colonial possessions, and the removal of the German domination, Africa bids fair to be the 'boom continent' of the twentieth century."

"With this introduction the society announces a series of bulletins dealing with colonies of the erstwhile 'Dark Continent.' First of these is Mozambique which, it is explained, is a Portuguese colony to the south of what was German East Africa, now released from the imperial designs of German expansion, and therefore extremely apt to play a more conspicuous part in African development."

A description of Mozambique based on a communication from O. W. Barrett, follows:

"A country as big as the Atlantic States from Florida to New York, with the capital near the southern boundary and half a dozen smaller towns scattered along the coast; more than 3,000,000 inhabitants, of which only about one per cent are white; one of the oldest of all European possessions and one of the richest in agricultural possibilities, at least, but one of the least known countries in the world. Such is Mozambique. "Four or five good ports and as many bad ones; five towns and a small but up-to-date capital city, and a generous number of military posts and outposts, a few of which are in the real raw interior; millions of acres of the finest alluvial soil fairly aching to show the farmer what big crops may be grown; waterways like the Zambezi, the Limpopo, and plenty of smaller ones to allow cheap handling of products; no deserts, no sat sinks, no large swamps, no mountains wastes, no impenetrable jungles; out of some twenty one or two tribes that object seriously to paying taxes to the government, now that they realize that the tax collector is a vital organ of the white tribe, which objects to any one tribe exterminating another in the good old way; for, wicked as a bush policeman tries

to be, he must needs fail for short of the unrestrained chief's 'induna.'"

"The early history of this strange section of East Africa should not be, even if it could be, written. We know the old-time black was as bad as a barbarian can be, and the endless tale of persistent, widespread, and continuous butchery would not be good to read."

"The Zulus have had for centuries a superstitious fear of salt water, and so, when Chaka, Dingaan, and their brother friends had devastated practically all the country between Zululand and Inhambane, wiping out Kwaals and even whole tribes by scores, they came to a long chain of lakes (the lower Inharrime) paralleled with the coast, and there they stopped, thus saving one tribe of true, pure-blood Kaffirs who had fled over onto the Junes and low, bushy hills between the 'rosary' of brackish lagoons and the Indian Ocean. This tribe, the McChopis, is the purest if not the only unmixt Kafir tribe now in existence."

"At Quessico we had the good fortune to witness a batuque, or ball, lasting nearly three days, at which about 3,000 fine specimens, mostly adults, were present. To describe the weird minor music of the marimbas or huge xylophones, the blood-freezing death chants, the thrilling war songs, the 'expression' dances of both women and men, and rites and divination ceremonies which the witch doctors were induced to show us would require much space."

"The young girls' dance of the McChopi tribe requires several years' practice before the difficult poses and contortions can be successfully performed. Ankles rattles are worn by the girls. These hollow spheres are made of palm-leaf or grass, if not young gourd fruits, and are partially filled with large seeds, pebbles, etc. The noise of these ankles is supposed to assist in keeping time in the dance. This is probably a Zulu custom, and even today in civilized Durban the ricksha boys frequently wear similar ornaments."

"Near Mopeia, three days up the Zambezi, we passed through two small native kraals in which the lions had eaten 14 people in three months previous. It is quite impossible to hunt these man-eaters on account of the tall, rank grass (four to six feet high), and, since they soon learn that two or three cuffs will make a big hole in the side of an ordinary hut, the poor native must run, high or die."

PEOPLE'S COLUMN

BLAMES U. S. FOR H. C. L.

Editor Telegraph—I see so much about the high cost of living and the government boosting wages to satisfy the workmen that it moves me to call attention that this simply makes it worse because we are all working for the same people—those whose money owns the railroads, the packing houses and all the large industries which make everything we wear. The same men own them all and the government is to blame for H. C. L.

The same men ordered taking over the railroads, raising the freight rates, raised the wages of the men and gave them back pay that they did not know was coming to them. All this money is raised by tax levy, largely from the people who own the railroads and the packing houses.

The government fixed the price of wheat at \$2.25. Now the trouble is that we are all becoming consumers instead of being producers and we are eating ourselves up.

The government, with that same pen can say that wheat shall be \$1.25 a bushel and flour \$1 a sack and potatoes 50 cents a bushel and sugar 6 or 8 cents a pound and a day's labor shall be ten hours and the pay according to the ability of the man. This will bring us back to be producers once more and the gold dollar will be worth 100 cents instead of but 35 cents as it is today.

TO-NIGHT—THE GUMPS.

An ample chorus of pretty girls in vocal, dancing and unique revues unite in some of the catchiest songs in hit-dom, embracing topical and parodied themes with a punch in every line, set to the latest idea in syncopated melodies.

The musical menu also provides "spoony," "blazy" and "jazzy" numbers including "Oh Min," "Oh Rastus," "Morning After," "Nothing On To-Night," "Spookville," "Junetime," "Loveland Is Dreamland," as well as colorful patterns of strains for nimble steps, and rhythmic movement.

The piece is admirably mounted and no expense has been spared to make the production complete in detail. The plot elucidated in two acts necessitates the filling of the stage five times with picturesque scenes of a fashionable Summer Resort. The prominent hap-

penings take place in and outside of "Andy's Bungalow" and in an Art Studio at Long Branch showing realistic views of the Beach and other attractive locations.

FAIRY-TALE MUSICAL COMEDY.

Comparative comments, by many eastern critics of the season's musical comedy output, seems to promise a genuine treat in the forth-coming appearances at the Dixon opera house on Tues-

WONDERFUL TALK ON THE WORK OF SALVATION ARMY

(Continued from Page One.)

traveling the face of the globe doing good for mankind. Born in England, she has divided those forty years of Salvation Army service between Australia, New Zealand, Holland, Japan and the United States. Mrs. Estill has been in the United States for 11 years. She and her husband have 6 children, four of whom are Salvation Army workers.

Mrs. Estill said it was hard on her mother's heart to let her two girls go out into the world with their tambourines on Salvation Army duty, but her love for the work and the realization of the great good they could do for mankind made it possible.

Mrs. Estill related the nature of the many branches of work the Salvation Army does and has been doing all over the world for many years and the great need for funds to carry on the activities.

In the past, all funds for the work in America have been raised by the passing of the tambourine on the street corner meetings. She stated that the raising of the necessary money in this way

cut down the working efficiency from 25 to 40 per cent and that the new method of raising the money by public drives would eliminate this waste of time that could be devoted to constructive work. The need of better equipment, better housing for their many rescue homes, schools, hospitals, etc., was made very plain by her talk, and the great good done by the organization was brought home forcefully to her hearers by the illustrations of specific cases detailed by this wonderful woman.

Wife Jailed Here

Mrs. Estill was accompanied by Brigadier Agnew, who is a veteran worker in the "Army." The Brigadier told a Telegraph reporter last night that in 1895, 20 years ago, his wife was, with other members of a little Salvation Army band, jailed by the Dixon police for holding a meeting on a street corner. The action of the police aroused public sentiment to such an extent that they were released and their case dismissed on the recommendation of the Chief of Police.

Want \$6,084 in Lee

Lee County's share of the two and a quarter million dollars to be paid Illinois is \$6,084. Chairman Briggs is perfecting his organization and during the week of September 22 to 23 an intensive drive will be staged which is ex-

pected to produce the desired sum without difficulty. The great work that the Salvation Army did during the war, both on this side of the water and in France, is counted upon to bring forth generous support from a grateful public. Every American soldier boy who went to France has the highest praise for the work of the tireless, fearless, generous workers—the girls who traveled through the front line trenches with coffee and doughnuts, spreading cheer and strengthening morale and sharing the dangers of the fighters.

Ask any soldier boy what he thinks of the Salvation Army.

Boy's Foot Grafted to His Daddy's Body

By Associated Press Leased Wire

Chicago, Aug. 28.—Three year old Michael Rushka is lying in a hospital here today with his foot grafted to his father's body in which an incision has been made. Hospital physicians said that after father and son have lain bound to each other for some days the boy's life will be saved. The little fellow had the flesh of one foot torn away in an accident.

Miss Clara Geisler, of Polo, was a morning shopper in Dixon.

Buttermilk Creates

Beauty Overnight

Delightful New Vanishing Cream Containing True Buttermilk Makes You Look Years Younger or Money Back

The first application of Howard's Buttermilk Cream will astonish you. It creates beauty almost like magic, but the most wonderful thing about it is the fact that whilst it turns the dull and most faded complexion to radiant beauty and makes red or rough arms snowy white, yet there is not the slightest sign of its use after application. It actually vanishes from sight and the most heated atmosphere will not produce the least shininess or greasiness of the skin.

There is no secret about it nor is there any doubt about the result—it is just common ordinary Buttermilk in the form of a wonderful cream gently massaged with the finger tips around the corners of the eyes and mouth.

To prove this to your complete satisfaction obtain a small quantity of Howard's Buttermilk Cream at your druggist on the money back if dissatisfied plan. The directions are simple and it costs so little that any girl or woman can afford it.

IDEAL CLUB RECEPTION—

The Ideal club's welcome to its soldier men, a reception given last evening at the home of Mr. and Mrs. H. L. Fordham, was an unusually pleasant affair. The guests of honor were Captain Lloyd Lewis, Stanley Miller and Lieut. Robert Fulton, the two former having seen service in France and the latter in this country in the training of students at Cornell College in connection with the Student Army Training Corps. Those attending the happy affair were the entire membership of the club and the families of the members.

Of especial interest during the evening were the talks given by Captain Lewis and Mr. Miller, who related incidents of the war not obtainable through the newspapers—their own personal experiences and accounts of side trips taken into picturesque regions, outside the battle area, and entertaining sidelights on some of the customs of the people. Captain Lewis also had with him many views of points of interest. Mrs. Blake Grover and Miss Dorothy Wahnke also entertained with a number of delightful piano duets.

Serving the refreshments, which were delicious, were the Mesdames Newcomer, Filson, Wahnke, and Beam, and Miss Hiller. The house interior was charmingly decorated with flags and cut flowers.

ON VACATION FROM HOSPITAL—

Mrs. Elizabeth Barge Martin is spending a two-months' vacation from the Moline hospital, where she has a very responsible position, at her home here. Her niece, Miss Elizabeth Barge, will join her September 6th. Miss Barge is taking the nurses' training course at the same hospital. They plan to spend part of the time here and part of the time in Chicago. The latter's brother, William Barge, has recently been made superintendent of the Oklahoma Petroleum & Gas Co. at Glenpool, Okla.

TO CALIFORNIA—

Mr. and Mrs. McKnight and daughter, Miss Marion Waterman, of Detroit, and Mrs. McKnight's parents, Mr. and Mrs. Atkins, of this city, leave in about two weeks to take up their residence in California. Mrs. McKnight and daughter have been spending part of the summer here with Mr. and Mrs. Atkins.

SISTER IS GUEST—

Mrs. H. J. Hughes has with her her sister, Mrs. William Mosely, of Memphis, Tenn.

DAY IN STERLING—

Mrs. L. B. Atkins and Mrs. Ernest Moeller, of Wheaton, spent Wednesday in Sterling, the guest of friends.

ENTERTAINED CLASS—

Miss Eleanor Powell entertained last evening at her home the Sunday school class of which she is the teacher, the Loyal Daughters of St. Paul's Lutheran Sunday school. Fourteen members were present, including Miss Gladys Kenage, here on vacation from government service in Washington, and Miss Marion Waterman, of Detroit, Mich., who is spending the summer here.

This fall a number of the members of the class are leaving for school and to new homes, and the affair was something in the nature of a farewell party for these. Those who will leave Dixon will include Miss Kenage, who returns to Washington; the Misses Ruth and Mary Pollman, the former returning to the DeKalb Normal and the latter to the Gem City business college at Quincy; Miss Marion Waterman who will go to California to reside; Miss Orleans Newcomer, who returns to Northwestern university, and Miss Iva Shepherd, who, with her parents, expects to leave Dixon in October for their new home at Sandusky, Ohio.

Several contests occupied the guests during the evening, including two identity contests, one in which the last names of the class members were discovered in rebuses and the other in which baby pictures of the members were studied to discover some likeness to the grown individuals. Miss Lulu Hill succeeded in naming everyone in the second contest and was given a Kewpie as a prize. Enjoyable light refreshments were served at the close of the contests.

WOMAN'S DAY, COUNTRY CLUB—

The putting and approach contest for the women golfers at the Country club, Wednesday, found several new players on the ground and this added new life to the playing. The very air Wednesday was full of zest and enthusiastic playing was the outcome. The luncheon at noon was largely attended, the customary scramble affair, and was very enjoyable. Twelve were entered in the putting and approach contest: Mrs. Kerr, Miss Raymond, Mrs. Jason Miller, Mrs. Theodore Fuller, Mrs. Willard Thompson, Miss Carrie Pratt, Mrs. Henry Noble, Miss Lucy Badger, Miss Franc Ingraham, Mrs. F. Dimick, Mrs. Lee Dysart, and Miss Jean Hitchcock. Mrs. Kerr won first high scores and Miss Raymond, second. In the cup contest, Miss Raymond and Miss Miller played off on 18 holes, but tied, and will have to play the eighteen holes again.

BARR-DUFFY—

The marriage of Miss Helen A. Duffy, of Shabbona, and Peter P. Barr, of West Brooklyn, took place Wednesday morning at the Catholic church in Lee, Ill.

TO RETURN TO ST. LOUIS—

Miss Elaine Beebe returns to her home in St. Louis tomorrow after a visit of several weeks here with her cousins, the Misses Coppins.

TO QUINCY SCHOOL—

Miss Mary Bollman leave Saturday for Quincy, where she will enter the Gem City Business College.

AT LEE COUNTY FAIR—

Among Dixon people who were in attendance at the Amboy fair today were Mr. and Mrs. E. C. Kennedy, Mr. and Mrs. B. F. Lane, the Misses Florence and Leona Nettz and their sister, Mrs. King, and son, Donald, of Peoria, the George Swartz, Henry Hintz, and Charles Foto families, and Miss Nina Tennant.

Yesterday Russell Wilhelm, Charles E. Keyes and children, John Sterling, Judge Scott, Jay Wadsworth, Sheriff Shoenholz, Mr. and Mrs. Wm. Schuler, L. W. Mitchell and Amos Bosworth were in attendance from Dixon.

FOR MRS. SCHORR—

Mrs. J. P. McIntyre entertained Wednesday evening with a "five hundred" party for Mrs. George Schorr, who is leaving Dixon soon to make her home in Wausau, Wis. The guests numbered about twenty. Mrs. Edward Carey and Mrs. James Hurley, of West Chicago, were guests from out-of-town.

WITH FRANKLIN RELATIVES—

Mrs. Mae Williams and her daughter, Ferno, here from Mendota visiting relatives, are guests today at the Elmer Clyne home near Franklin Grove. They will also visit at the Ira Lehman and Scott Morris homes. Tomorrow they will be entertained in Franklin Grove by Mr. and Mrs. Joshua Reed.

TO ST. LOUIS—

Mrs. George Schrock leaves tomorrow for St. Louis, accompanying home her daughter-in-law, Mrs. Charles Schrock, who has been visiting here. Mrs. Schrock will visit in St. Louis for a time.

RETURN TO CITY—

Mrs. A. Hamilton and daughters leave today for Chicago after spending some time here as guests of Mr. and Mrs. Philip Woolver. Yesterday Mrs. Hamilton was a guest at the Frank Gilbert home in Polo.

AT MAX LETH HOME—

Mrs. J. P. Filchen and two children, Kenneth and Duward, of Washburn, Ill., and Mrs. Bertha Wiltz, of Metamora, Ill., are guests at the home of Mr. and Mrs. Max Leth. Before coming to Dixon they visited in Sublette.

FOR MRS. MCINTEE—

Mrs. Gordon Utley and Miss Rosanna Dement are entertaining the afternoon in honor of Mrs. McIntee, who leaves tomorrow for her home in Washington, D. C.

END VISIT HERE—

Mrs. Ernest Moeller and son, Paul, leave today for their home in Wheaton after visiting for the past week at the home of Mrs. Theodore Moeller.

AT J. EGLER HOME—

Miss Peterson, music instructor in the Odd Fellows' orphan home at Lincoln, Ill., is a guest of Mr. and Mrs. Jacob Egler.

FROM MINNESOTA—

Miss Anna Mossholder arrived home this morning from Minnesota where she has been visiting an aunt, Mrs. Timmerman.

WITH MRS. STACY—

Mrs. Elmer Smith and daughter, Vera, of Sterling, were guests yesterday at the home of the former's mother, Mrs. A. J. Stacy.

TO ELGIN—

Miss Ida Myers left yesterday for a visit with friends in Elgin and Chicago.

SANDRA THE JEALOUS

By JANE PHELPS.

EVERETT EXPLAINS HIS IDEAS

CHAPTER LVIII.

Mrs. Barr came three times a week. I had studied French in school and at home with mother, who was a good French scholar. But I was very rusty and Everett was anxious I should become expert.

"I shall take you abroad when I go, and it will be a great pleasure to you if you can talk French fluently." He invariably put things that way—as a coming pleasure to me.

Aside from the French, we read the poets and standard writers. At times it was horribly dull, and I spent most of the time yawning behind my hand. At other times I became interested in spite of myself and the time slipped by quickly.

I never liked Mrs. Barr, never changed by mind about her. Whenever I expressed an opinion or said anything which showed any knowledge or cleverness, she always looked surprised, as if she made no remark. It was as if someone she thought very ignorant had stumbled upon some bit of knowledge. It was not at all flattering.

I spoke of it to Everett. He treated it very lightly. "Mrs. Barr is extremely erudite. Surface knowledge means nothing to her. That is why I wanted her to take charge of you. She knows what she teaches, can explain intelligently everything you should know about the different subjects with which I wish you to become conversant."

He was especially anxious I should know ancient history, as well as the modern. In school, history had been my bugbear. I really was woefully ignorant of other countries, their manners and

customs and even the more vital facts concerning them. And do my best, I could not be particularly interested in what Alexander the Great or Nero did. I cared nothing about Old World wars, their defeats or conquests. But it did no good to object. Everett was all the more firm, insisted the more that I should devote long hours to this reading when I longed to be out of doors or with Alice Slean and her niece. Everett himself was a perfect mine of information upon all subjects, it seemed to me. But while I admired him for it, I used to think that when I was as old as he was I would be that way too, and probably enjoy it. Forty-two seemed so far away—there were so many years in which to study after I passed 30.

"You will thank me some day," Everett said when I grumbled. "As you grow older the real enjoyment you get from a wide and varied knowledge will bring you many happy hours which otherwise would be bothersome, if not lonely. Believe me, I am only doing this for your own best good, Sandra."

"Let me have a good time first," I pouted. "Like the girls at home, I had a letter from Ruth Loring and she told of the dances, the tennis, and all the fun they were having. They are all as old if not older than I am. It makes me feel like a regular grandmother."

"Then you are a suitable companion for 'grandpa'." I blushed furiously. How did he know the boys and girls had called him "grandpa"? Buster must have told him.

"There is no need to look so miserable because of my knowledge that your friends named me 'Grandpa'." They

might have called me something worse. It isn't what people call us, Sandra, that makes any difference—it is what we are. Not that I should feel at all bad to be grandpa when my time came. And, dear, I realized that I did seem old to your young friends, and perhaps to you."

"Not so very!"

"Yes, I did seem old—perhaps I do yet. But Sandra I do not feel old at all. A man at 42 is not old. He has simply lived long enough to know how to live, that is all. I enjoy things just as keenly—more so, than when I was 20. I don't show my feelings as plainly perhaps, but that doesn't alter the fact of my being able to enjoy, to appreciate things. But, dear, the longer we live, the more we appreciate that real lasting enjoyment must have some foundation. That it isn't a will-o-the-wisp. So we must lay some sort of plan to have that foundation."

When we were first married he never used to talk like this. Now he did so often. I did not know whether to be flattered or bored. But it made no difference—I had to listen. And now I know that almost unconsciously I profit by these discussions.

THE BASKET OF PEACHES.

The Chicago Journal tells of a bas-
ket of peaches for which the consum-
er paid \$3.60 in Cedar Rapids, Ia. This
same basket of peaches was grown in
Texas, and the grower parted with it
for 50 cents.

"This instance, indefinitely repeated,"
says the Journal, "explains the savage
though rather blind anger of the peo-
ple. The looting is done so cleverly
that only now and then can they get
definite proof of it, and then it is near-
ly impossible to fix the exact respon-
sibility. But they feel its effects, not
now and then, but all the time; and
they are groping in every direction for
some means of thwarting the swarm
of profiteers.

"Nobody expects the middlemen to
work for nothing. They perform a ser-
vice to society, and one which must be
paid for. But to sell an unchanged ar-
ticle for more than seven times its first
cost, to collect from the consumer 620
percent more than is paid to the grow-
er—this means downright robbery
somewhere, and everybody knows it.

"In the Journal's judgment, the ac-
tion of state or federal governments in
such cases is usually palliative at best.
In most cases the remedy lies in a re-
organization of business methods and
purchasing habits, and that is a matter
for individual study and voluntary co-
operation, rather than for the heavy,
but clumsy hand of government.

"We need consumers' associations as
well as growers' associations, and the
two groups of organizations need to get
together. The work has begun, but it
is not going forward very rapidly."

The suggestion of the Journal in fa-
vor of consumers' associations is food
for thought. Who is going to be able
to plan a consumers' association that
will not absorb all the savings in bad
management or in administrative leaks?
We have had cooperative stores galore,
but whoever heard of one that saved
any one anything beyond the first few
weeks, and which did not finally fail
because some one exploited it?

Let not these reflections discourage
anyone who has a real plan. Tell us
how consumers' associations are to be
made a real success.

A WAR AFTER THE WAR.

One of the after-the-war problems
which are disturbing our English
brethren is a noticeable increase in the
crime of bigamy. It appears to be a
crime to which returned soldiers are
particularly prone, and one of the lead-
ing newspapers of London narrates in-
stances in which men fresh from the
trenches have accumulated four or five
wives in the space of as many months.
The inclination is, of course, to ascribe
the matter to a general world-wide
breaking down of the moral tone—the
easy explanation nowadays for any-
thing from defalcation to wearing
wooly underwear in summertime. But
isn't there another plausible explana-
tion in the fact that the soldiers have
become so used to taking chances with
life and liberty that they resort now to
bigamy as a mere stimulant to excite-
ment? Dodging a patrol of indignant
wives must be equal to the fun of leap-
ing out from under the clutching hands
of the military police.

EXACTLY FILLING THE BILL.

The managing editor of a seven-day,
two-week newspaper called on his city
editor for a report upon a news writer,
recently employed.

"The man," said the city editor, "has
the most demagogic trick of writing a
plain, matter-of-fact everyday 'story'
in such a way as to give it the most
outlandish aspect of improbability. He
places upon my desk material which
for general tomfoolishness I defy any
man to eclipse. He stretches stuff
worth no more than twenty-five words
of space to twenty-five hundred. I've
a notion he used to edit the house or-
gan of an asylum for embeccles. When
you spoke to me about him I was just
upon the point of giving him the grand
bounce."

"Don't think of it!" cried the manag-

ing editor, rubbing his hands. "Send
him to me at once. He's exactly the
man I've been looking for."

"Now what in the name of all that's
holly do you want with a fellow like
that?"

"Why, didn't I tell you? I've a vacan-
cy on the Sunday paper."

30 YEARS AGO IN DIXON TELEGRAPH

Stein Brothers, proprietors of the op-
era house dry goods store, advertised
ladies' pure silk mitts at 20c per pair.
The Anglo Swiss Milk Co., made its
first shipment from the Dixon factory,
a consignment in bulk to Missoula,
Montana territory.

Peter Lindquist, a Northwestern la-
borer, was found dead in his bunk car
at the local yards.

TEN YEARS AGO IN DIXON TELEGRAPH

J. J. Carty, formerly agent for the
Northwestern railroad here, was pro-
moted to the Rockford agency.

N. H. Long quit cucumber raising and
started floral culture.

Andrew Smith, an employee on the
grading work for the Northwestern cut-
off, was killed by a train near Nachusa.
Maximum and minimum tempera-
tures for the day were 86 and 67.

George Brookner sold his interest in
the firm of Rubenstein, Erwin & Broo-

CHARGE AGAINST MAYOR SMITH IS IN COURT TODAY

The case of the people against Mayor
Mark D. Smith, charged with disturb-
ing a public meeting, was called before
Justice Albert Hanneken this morning
at 10 o'clock. A change of venue was
taken to the court of Justice J. O.
Shaulis who was out of town and from
there to the court of Justice Martin J.
Gannon.

Justice Gannon called the case at 1:30
this afternoon in the county court room
and a jury was empanelled to hear the
testimony of witnesses. The following
jurors were selected: Will Pontius, C.
H. Keyes, Ben Baus, Otto Witzleb, R.
S. Hill and A. B. Carson. Attorney H.
A. Brooks, representing Edgar Owens,
state organizer for the Socialist party
made the opening statement before the
jury and was followed by Attorney
Clyde Smith, who appears for the may-
or. Mrs. Charles Hey, residing east of
Dixon, secretary of the Dixon local of
the Socialist party was the first witness
to take the stand.

The case is one in which Mayor Mark
D. Smith, early in the month of July,
closed a meeting on Hennepin and First
street which was addressed by Edgar
Owens. The mayor was later arrested
on a warrant sworn out by X. F. Ge-
hant on a charge of disturbing a public
meeting. Owens was present when the
case was called for trial this afternoon
as were other members of the Socialist
local of this city.

TOURISTS UNABLE TO FIND HOTEL SERVICE

Chief Van Bibber and members of the
police department have been called up
on many times during the summer
months to perform a new duty which is
not included in their general repertoire.
Tourists travelling through the country
have been unable to secure hotel accom-
modations in Dixon and in many in-
stances the police have been called up-
on to refer these strangers to some reliable
rooming house where they might obtain
shelter over night.

Last evening Chief Van Bibber had
one party of tourists for whom he was
trying to find hotel accommodations but
failed. He went out to find Officer Whit-
stein and secure some assistance and
found the officer with another party of
tourists for whom he also was trying
to find quarters. Both parties and many
others were compelled to proceed east-
ward, not being able to secure accom-
modations here or in Grand Detour,
where the hotels are filled.

HOLIDAY HOURS AT POSTOFFICE MONDAY

Postmaster William Hogan this
morning announced the schedule of
hours to be observed at the postoffice
on next Monday, Labor day. There
will be one delivery of mail on the city
routes in the morning and the office
will remain open until 10 o'clock with
the exception of the money order win-
dow. There will be on delivery of mail
on the rural routes. The regular col-
lection and dispatch of mail will not be
affected.

NORTH SIDE HOUSE SCENE OF VANDALISM

Several boys entered a new residence
on the north side recently and stole
several tools and plumbers supplies that
were being used. Others poured tar in-
to the pipes used in the installation of
the plumbing. The matter was report-
ed to the police and some of the articles
have been returned. No legal action
has been instituted against the boys.

Bill Would Regulate Handling Explosives

By Associated Press Leased Wire
Washington, Aug. 28.—Regulation of
the use, transportation, storage, pur-
chase, sale and possession of explosives,
with a view to preventing bomb outrag-
es and accidents in the commercial use
of explosives, is proposed in a bill in-
troduced today by Senator Nelson, rep-
ublican, Minnesota.

An explosives inspector provided for
in the measure would be authorized to
investigate explosions and cause pros-
ecutions of law violators.

Miss Esther Barton is expected home
Friday from Lake Geneva, where she is
a member of the Woman's Training
Camp.

STEEL WORKERS WILL STRIKE SOON UNLESS MEETING IS GRANTED

Reply to Gary's Refusal Was Sent to Him Today.

By Associated Press Leased Wire
Washington, D. C., Aug. 28.—After a
conference here today with the execu-
tive committee of the American Federa-
tion of Labor, representatives of the
committee of the Steel and Iron Work-
ers union, made public a letter to E.
H. Gary, chairman of the board of di-
rectors of the United States steel cor-
poration announcing that the decree
for a strike of union steel workers
would be enforced unless the corpora-
tion granted an interview to the com-
mittee.

"We have received your answers to
our request for a conference on behalf
of the employees of your corporation,"
said the letter to Judge Gary, "and we
understand the first paragraph of your
answer to be an absolute refusal on the
part of your corporation to concede to
your employees the right of collective
bargaining.

"You question the authority of our
committee to represent the majority of
your employees. The only way by which
we can prove our authority is to put
the strike vote into effect and we sin-
cerely hope you will not force a strike
to prove this point.

"We asked for a conference for the
purpose of arranging a meeting where
the questions of wages, hours, condi-
tions of employment and collective bar-
gaining might be discussed. Your an-
swer is a flat refusal for such confer-
ence.

Conditions 'Terrible.'

"We read with great care your state-
ment as to the interest the corporation
takes in the lives and welfare of the
employees and their families, and if that
were true, even in a minor degree, we
would not be pressing consideration
through a conference on the terrible
conditions that exist. The conditions
of employment, the home life, the mis-
ery in the hovels of the steel workers
are beyond description. Strictly, this is
a matter which might well be discussed
in conference.

"You also made reference to the atti-
tude of your corporation in not oppos-
ing or preventing your employees from
joining labor organizations. It is a
matter of common knowledge that the
tactics employed by your corporation
and subsidiaries have for years most ef-
fectually prevented any attempt at or-
ganization by your employees.

"Some few days are still at the dis-
posal of our committee before the time
limit will have expired when there will
be no discretion left to the committee
but to enforce the decree of your em-
ployees whom we have the honor to
represent."

Urge Shopmen Accept Wilson's Wage Offer

By Associated Press Leased Wire
Washington, Aug. 28.—Acceptance of
President Wilson's offer of a small wage
increase pending the outcome of the
government's efforts to reduce the cost
of living was advised by the executive
council of the railway shop unions in a
letter sent today to all union locals.

Officials of the unions conferred to-
day with Samuel Gompers, president,
and other members of the executive
committee of the American Federation
of Labor. Their letter said if there was
to be a strike every class of railway
employees should be willing to join in
the movement.

"If the federated shop trades strike
now," the letter said, "they carry the
full burden of securing the same gen-
eral increase for the 78 percent of the
railroad employees who have not yet
decided what action they propose to
take. We do not believe that we should
allow ourselves to be placed in that
position. In our opinion the next ninety
days will bring the entire situation
to a head and if a strike is to take
place every class of railroad employees
should be willing to join in the move-
ment, share their full measure of re-
sponsibility and not leave the issue to
be decided by the 22 percent of the rail-
road employees represented by the fed-
erated trades.

"It is our honest judgment that a
fatal mistake would be made by our
members to assume the responsibility
of tying up the railroads at this time
when the president is evidently doing
all possible to reduce the high cost of
living. It is but fair to assume that
the president will have the loyal sup-
port of a majority of the American pub-
lic in his effort to procure this much-
needed relief. We would, no doubt, be
charged with obstructing his efforts.

"It should be understood, however,
that if the government fails to effect a
substantial reduction in the cost of liv-
ing within a reasonable time, we re-
serve the right to put the strike vote in-
to effect."

MRS. KNAPP FUNERAL

A beautiful service was held yester-
day at St. Paul's Lutheran church, the
last sad rites before the body of the late
Mrs. Daniel Knapp was assigned to its
last resting place. Rev. F. D. Altman
paid fitting tribute to a sweet life and
Mrs. L. E. Edwards sang several beau-
tiful numbers. Many beautiful floral
tributes bespoke the affection for the
deceased held by many friends. The
funeral was largely attended, with
many present from a distance.

Rumanians Continue Seizure of Property

By Associated Press Leased Wire
Paris, Aug. 26.—(Delayed)—The Ru-
manians continue their wholesale seiz-
ure of private and government property
in Hungary according to advices reach-
ing Paris. Reliable reports from Bud-
apest say that they have taken sixty
percent of the Hungarian locomotives
in good repair, ninety-five percent of
the passenger equipment of the rail-
ways and 5,000 freight cars.

On August 22 mechanics removed the
telephones from private houses and all
the valuable animals on three hundred
Hungarian state farms were requi-
sitioned according to the reports. All
the machinery of the Hungarian state
shops was dismantled, resulting in 6,
000 men being thrown out of work.

Sixty-three carloads of coal were seiz-
ed from the Budapest municipal gas
plant on August 21. On August 18 all
the supplies of the ministry of hygie-
ne were taken and also thirty carloads
of wool belonging to the Hungarian
wool trust.

Peru Catholics Must Not Assist Y. M. C. A.

By Associated Press Leased Wire
Lima, Peru, Aug. 27.—(Delayed)—
Monsignor Emilio Lissón, archbishop of
Lima today published a communication
in all newspapers here warning Catholics
not to participate in the movement
recently inaugurated in this city for the
establishment of a branch of the Y. M.
C. A., under the penalty of "laying
themselves open to the suspicion of
heresy and incurring general ecclesias-
tical censure."

La Prensa, a prominent newspaper
here, declares editorially that Arch-
bishop Lissón has "committed a serious
error and has failed to comprehend the
constitution and purpose of the institu-
tion he attacks."

The Y. M. C. A. has large and pros-
perous branches in Valparaiso and
Buenos Aires which were established sev-
er years ago.

New Wheat Prices Are Announced By Director

By Associated Press Leased Wire
Minneapolis, Aug. 28.—A new scale of
prices for the lower grades of wheat for
the 1919 crop was announced today by
Julius H. Barnes, head of the United
States grain corporation, and were post-
ed today on the trading floor of the lo-
cal chamber of commerce to become ef-
fective Sept. 2.

The price for numbers 1 and 2 north-
ern remains the same as last year—
\$2.21½ for No. 1 and \$2.18½ for No. 2
for this terminal. Other prices follow.

No. 3 northern 2.15½; No. 4 north-
ern \$2.11½ and No. 5 northern 2.07½.

Under the regulations of the grain
corporation all dealers will be required
to pay producers not less than the pro-
per country point reflection of the ter-
minal guaranteed price for wheat grad-
ing No. 1 and with the relation for
other grades as follows: No. 2 wheat, 3
cents under No. 1; No. 3 wheat, three
cents under No. 2; No. 4 wheat four
cents under No. 3, and No. 5 wheat four
cents under No. 4.

Permanent Rank of General for Pershing

By Associated Press Leased Wire
Washington, D. C., Aug. 28.—In re-
cognition of General John Pershing's
services in the war, the house today
passed a bill authorizing the president
to confer on him the permanent rank
of general. The measure now goes to
the senate.

Mr. Cavanaugh, of Polo, was in Dix-
on today.

ASKS CONGRESS TO PAY EXPENSES OF PEACE DELEGATES

By Associated Press Leased Wire
Washington, Aug. 28.—President Wil-
son asked congress today for an addi-
tional appropriation of \$825,000 for the
expenses of the American peace com-
mission in Paris from last July 1, to the
end of this calendar year.

The president said that up to July 1,
the total cost of the commission had
been \$4,250,823 and he estimated that
by the end of the year the total would
reach \$1,506,706. A part of this has
been appropriated heretofore.

Among the largest items up to July
1, were included \$144,514 for subsis-
tence, \$103,000 for salaries, \$105,000 for
expenses of the commission sent into
other countries and \$53,000 for rent
and damages at the hotel Crillon in
Paris, where most of the American dele-
gation was housed.

In transmitting a detailed account of
the expenses, the president said that in
view of the 200 percent increase in
prices in Paris as the result of the war
he considered the expenses of the
American commission "very modest."

When it began its work in Paris, the
American delegation, the president
said, consisted of 1,300 persons, but on
July 1 this number had been reduced
to four hundred, of whom only 88 were
civilians.

GENERAL LOUIS BOTHA, FAMOUS BOER LEADER, VICTIM OF INFLUENZA

Died Suddenly Today—Was Prominent in Union of South Africa.

By Associated Press Leased Wire
Pretoria, Union of South Africa, Aug. 28.—General Louis Botha, Premier and Minister of Agriculture of the Union of South Africa, died suddenly early today following an attack of influenza.

Louis Botha was born at Greytown, Natal, in 1863 and was a member of the first Volksraad of Transvaal, in which he represented the district of Vryheid. At the beginning of the Boer war in 1899 he was Veldt-Cornet for that district. Joining the Boer forces in northern Natal he soon rose to high commands. He was in charge of the Boer forces at the battle of Colenso and Spionkop and following the death of General P. J. Joubert, he was made commander in chief of the Transvaal Boers. After the fall of Pretoria he reorganized the Boers with a view to prolonged guerrilla warfare, his forces offering steady resistance to the British up till late in 1901.

Following the peace negotiations between the Boers and the British General Botha took a leading role in the period of reconstruction. After the grant of self government to the Transvaal in 1907 General Botha was called upon to form a government. From this position he resigned in December 1912 owing to dissension in the cabinet but was immediately asked to form a new government. At the outbreak of the great war in 1914 General Botha took command of the union forces in southwest Africa, achieving a complete success and compelling the German troops in that region to surrender. With General Jan Christian Smuts, General Botha signed the peace treaty with Germany on behalf of the Union of South Africa, June 28 last. He arrived at Capetown from Europe on July 28.

Brief Summary of Last Night's News

By Associated Press Leased Wire
WASHINGTON.—Review of the Pacific fleet will be held at San Francisco Sept. 1, Acting Secretary of the Navy Roosevelt announced. This will preclude attendance by President Wilson.

NEW YORK.—General Pershing will be officially welcomed home by New York city with a great military review Sept. 10, according to plans announced by the mayor's committee on receptions to distinguished guests.

NEW ORLEANS.—Bill Brennan knocked out Jack Burke in the seventh round.

WASHINGTON.—Secretary Baker paid tribute to the American Red Cross when he presented the distinguished service medal to Henry P. Davidson, chairman of the Red Cross war council.

PARIS.—Fire destroyed 2,200,000 pounds of tobacco in a factory at Pantin, near here.

British Coal Strike Was Expensive Affair

London, Aug. 14.—(Correspondence of the Associated Press)—The Yorkshire miners strike has been an expensive bit of business for the union as well as for people not directly connected with the dispute. The generally accepted figures are:

Damage to mines \$10,000,000.
Coal lost to industry \$15,000,000.
Losses to kindred industries \$12,500,000.

The strike fund of the miners, amounting to \$1,400,000 was exhausted with the payment of the fourth week's strike benefits. This fund, it was stated had taken some 25 years to accumulate.

HELD FOR CHRISTMAS MURDER

By Associated Press Leased Wire
Lafayette, Ind., Aug. 28.—Ernest Garkie, 35, of this city, and Steve Bartak, 19, of Joliet, Ill., being held here, have admitted having connection with the murder of Carl Cook, a grocerman, last Christmas eve. They have been charged with murder. Garkie and Bartak deny firing the shot that killed Cook, laying the blame on a third man.

BROTHERHOODS TO HELP BREAK ILLEGAL STRIKE

(Continued on page three.)

steps" to operate the roads if the strikers did not return to their posts.

Yard Men Returned.

At Oakland and Sacramento, where brief strikes of yard employees had paralyzed traffic, the men had returned to work and conditions were reassuring something of a normal aspect.

Embargoes against passenger traffic from eastern points to California continued in effect early today, however, and from several points came word of the organization of automobile stage lines to carry passengers to Los Angeles.

Fruit Industry Threatened.

Resumption of work at Oakland, railroad administration officials declared, would permit them to restore the usual transcontinental train services in and out of San Francisco, and to move trains southward. Whether the strikes at Bakersfield and Fresno would prevent trains from proceeding into southern California was undetermined early in the day.

Sharp anxiety was felt by those interested in the green fruit industry as a result of the tieup. Fresno bankers declared many such persons would be ruined if transportation facilities remained unavailable for any length of time.

UP TO INDIVIDUALS

By Associated Press Leased Wire
Los Angeles, Aug. 28.—Striking trainmen will be served with copies of orders from their chiefs, directing them to return to work and then will be governed by their individual decisions as to obeying, according to M. E. Montgomery, vice president of the Brotherhood of Locomotive Engineers.

Montgomery made this statement after an all night session of leaders of the four brotherhoods here. At 7:30 o'clock this morning no men had reported.

OAKLAND TRAINS MOVE

By Associated Press Leased Wire
Washington, Aug. 28.—Improvement in the strike situation on the Pacific coast was reported today to the railroad administration. Trains have begun moving out of Oakland, but so far traffic at Los Angeles still is tied up.

It is understood that the four brotherhood chiefs have set a time limit for the return of the strikers to work and the railroad administration is waiting on the unions before taking steps to operate the lines.

Officials declined to state specifically what plans had been made to run trains in the event the strikers remained out.

STILL OUT AT FRISCO.

By Associated Press Leased Wire
San Francisco, Aug. 28.—The strike of yard and switchmen of the three big transcontinental lines had ended at Oakland, Calif., and trains were leaving on normal schedules there, but the strike continued here, although most of the trains were being dispatched out, officials of the United States railroad administration announced here today.

Trains here were being made up by officials and office help, it was announced. Trains were coming in from San Jose where strike conditions were said to prevail, but the schedule from that place was being maintained by the consolidation of trains.

The trainmen were to meet here today to discuss orders from their international officers that they return to work.

"Skeleton Farm" King Was Arraigned Today

By Associated Press Leased Wire
Escondido, Kan., Aug. 28.—Rufus King, who last week was bound over to the district court on a charge of murdering Reuben Gutshall, whose skeleton is believed to have been found on property formerly occupied by King near Maple Hill, Kan., was to appear here today for preliminary hearing on a similar charge in connection with the disappearance several years ago of John Woody, the partially identified skeleton of whom likewise was buried on King's property. Whether the third charge—that of murdering an unidentified man, believed to have been a jewelry peddler—will be heard had not been determined early today.

Says British Govt. is Behind "Big Oil Company" in America

By Associated Press Leased Wire

Washington, D. C., Aug. 28.—Renewing his attack against monopolistic control of the natural resources of the country, Senator La Follette, republican, Wisconsin, warned the senate today against undue haste in passing the pending land-leasing bill and charged that the British government was behind one big oil company which was "getting a hold" in America.

Declaring the pending bill radically different from the one reported favorably last session, and to which the navy department was opposed, Senator La Follette criticized the public lands committee for its failure to give that department and other parties at interest, an opportunity to be heard.

The Wisconsin senator declared that in the past there had been "a constant struggle between the pillagers, pirates and thieves and the government" over the development of timber and grazing lands in the west and that the same situation had developed over oil lands.

Corn Growers Expect Pests to Be Wiped Out

By Associated Press Leased Wire

Albany, N. Y., Aug. 28.—Optimism marked the conference here today of agriculture officials from all parts of the United States who discussed the menace to the country's corn crops in the recent invasion of the European corn borer. Charles S. Wilson, state commissioner of agriculture announced it was the consensus of opinion that "diligent effort" would prevent the threatened spread of the pest and ultimately eliminate it.

The conference which will meet tomorrow in Boston is attended by officials from Delaware, Florida, Illinois, Iowa, Kansas, Maryland, Mississippi, Michigan, Ohio, South Carolina, Minnesota, Pennsylvania, South Dakota, Texas, Wisconsin and other states.

MONTENEGRO IN STATE REBELLION

(Continued from Page 1.)

the plan for the incorporation of Montenegro in the Jugo Slav state.

King Keeps "Throne."

King Nicholas has never recognized the validity of the act of the Montenegrin assembly last winter in deposing him and has continued to maintain the old royal Montenegrin government with its seat in a suburb of Paris. Serbia is insistent upon the admission of Montenegro to Jugo Slavia and claims that a majority of the Montenegrin favor the union.

The contention of the nationalist party in Montenegro, however, is that the Montenegrin national assembly has been "packed" with pro-Serbian, making the action of that body in voting last April for admission to the Jugo Slav state not truly representative of Montenegrin opinion.

Disorders broke out in Montenegro early in July against what was characterized "Serbian military occupation" and guerilla warfare was reported to be reviving in the mountain regions.

HONDURAS REBELS CAPTURE BIG CITIES.

By Associated Press Leased Wire

San Salvador, Wednesday, Aug. 27.—(Delayed).—Although advices received here recently from official sources in Honduras reported that the revolution had been put down, a dispatch today from Honduran revolutionary sources claims the re-occupation of La Esperanza, capital of Intibuca department, by the revolutionists.

The government forces, the dispatch adds, were routed at Trinidad. The revolutionists then captured Santa Barbara, capital of the department of the same name.

General Cardona, who is operating with large rebel forces in the department of Tegucigalpa, has taken the town of Caridad.

How to take the H. C. L. out of clothes buying for fall

CLOTHES are higher priced; all of them ---good or bad. The poor ones cost about the same as the good ones---not much difference any more.

Here's some good advice; don't try to "beat the game," and pay the lowest price; you'll get poor quality; the clothes won't last and your "High Cost of Clothing" will go up several notches.

Here's the right way; get good quality; pay for it; the wear and service you get saves for you and reduces the H. C. L.

Hart Schaffner & Marx clothes do it; they're made to give wear; your money's worth; satisfaction or your money back.

HEAVY CUT IN COAL YIELD BY CAR SHORTAGE

12,000,000 Tons Lost in Ten Weeks by Inadequate Supply of Cars.

600,000 MINERS PLAN TO ASK WAGE INCREASE

Operators Tell Senate Committee That Radical Miners Are Trying to Install Soviet Methods in Mining.

Washington, Aug. 27.—Shortage of cars in the coal fields has cut production of bituminous coal 12,000,000 tons in ten weeks and threatens to bring about a recurrence of the coal famine of 1917-18 unless checked without delay, according to testimony given by John Callahan, traffic manager of the National Coal association, before the senate committee investigating the coal situation, at its first day's hearing here.

"During the two weeks ending August 2 and 9," Mr. Callahan said, "car shortage caused the bituminous coal output of the country to lose approximately 5,000,000 tons of coal, enough to supply the entire state of New Jersey for ten months. The loss in ten weeks has been sufficient to supply all New England states for eight months."

Mr. Callahan declared that if there are not cars at the mines it is impossible to operate the mines to full time capacity. The shortage of cars had come, he said, at the time demand for coal is increasing, and at a time when railroad efficiency should be at a maximum.

"If the bituminous coal operators of the country are given sufficient cars to take away the coal they mine," Mr. Callahan said, "and if there are no labor disturbances to prevent the operation of their mines, they can supply sufficient fuel to meet the country's requirements next fall and winter. If they are not supplied with more cars, there undoubtedly will be a repetition of the coal shortage of 1917-18, at least to some degree."

Shortage of cars is not the only threatening situation in the industry, however, according to Harry N. Taylor of Kansas City, president of the association, who preceded Mr. Callahan on the witness stand. The 600,000 miners employed throughout the nation are about to formulate demands for higher wages, Mr. Taylor declared. The more radical among the number, he said, were endeavoring to apply the methods of the soviet government of Russia to the bituminous industry. If their counsel should sway the more conservative of their numbers and extremely radical demands should be made, which could not be acceded to, Mr. Taylor said he doubted if the operators "could mine a pound of coal."

"To save the public from calamity," Mr. Taylor said, "it will be necessary to overcome three things: First, that we do not have an extraordinarily severe winter; second, that the railroad administration move the coal in regular manner, and third, that by effort of the miners we produce at least 11,000,000 tons of bituminous coal weekly for the remaining nineteen weeks of the year."

This is more than has been produced in any one week during the year thus far.

All wage agreements between miners and operators, Mr. Taylor said, would expire with the proclamation of peace by the president. The miners had already decided, Mr. Taylor said he was informed, in one section, to try to obtain a six-hour working day, as against eight hours now; a five-day week, and an increase in pay. They will meet in Cleveland, Ohio, September 9, he said, to decide on what demands to make of the operators, and there will be a joint conference between operators and miners at Buffalo September 25.

"If this convention of September 25 fails in agreement," Mr. Taylor said, "I do not know whether we are going to be able to mine any coal or not. I very seriously doubt whether we will, with that condition confronting us in the mining world. The situation is very serious. If that goes into effect there is little or no hope of overcoming a very serious shortage of coal this winter and great suffering in the country."

Miners were given a substantial increase in wages by the president during the days of the fuel administration, Mr. Taylor said, and it was not uncommon in many fields for the industrious men, in times of full time operation, to earn \$15 a day or more, but they are getting restless, he said.

"Already the more radical element are determined to put into effect the soviet government of mines," he declared.

THE "MELTING POT" IN MEXICO

Washington—What manner of folk are the Mexicans?

Whatever one's views on the wisest political course toward Mexico, it will help in a thorough understanding of that country to examine the rich history, the ancient civilization, the prehistoric remains, to be found among our southern neighbors, according to a bulletin from the Washington headquarters of the National Geographical society.

This bulletin, based on a communication to the society from John Birkinbine, follows:

"Of the sixteen million inhabitants, two-fifths claim direct descent from ancient tribes or families which are accepted as the basis of Mexican history. Two-fifths are of mixed native and foreign blood, the remainder being classed under the common appellation of 'foreign.'"

"Throughout much of the country, and often within short distances of railroads, are remnants of some of the ancient native tribes or races, adhering to customs, methods and speech of their ancestors."

"Thus in Oaxaca are the Zapotecs and Mixtecs, the estimates for the two races being half a million, and a government publication mentions a dozen other families in the same state."

"In Hidalgo and adjacent states, the Otomacs; in Puebla and Oaxaca, the Mixtecs; the predominating Mayas in Yucatan; in Michoacan and Jalisco, the Tarascoms, and the Tlaxcalans, in their native state, and other groups elsewhere, still maintain the tribal individualities."

"Although Spanish is the language of the country, and much English is spoken in the regions most visited, a large number of natives use only the vernacular."

"Prescott refers to the Aztecs, Tlaxcalans, and others as producers of delicate fabrics, colored by vegetable dyes, intricate designs in the precious metals and beautiful decorations made of feathers; numerous ruins also indicate marvelous skill of ancient peoples in stone work, especially as the tools used were obsidian or copper."

"Evidences that this deftness in handiwork has been retained appears in the feather-work, wood-carving, stone-cutting, etc., of the present day. The beautiful pottery and unique weaves of serapes, made with the crude appliances, and excellent fabrications in cast or wrought iron, fill agreeable silver, etc., also bear testimony to the skill of the Mexican Indian."

"Mexico may be described as a land of surprises, a country of extremes, a nation of contrasts, a domain of apparent contradictions; where the old and the new, the poor and the rich, the crude and the refined, are near neighbors; where the sleep of centuries often continues adjacent to present activities, and where ultra conservatism is followed by pronounced evidences of modern progress."

"Mexico has a wealth of archeological relics, remnants of an ancient civilization of which no well-defined trace exists. Volumes have been written to demonstrate that the builders of what are now ruins were of Mongolian, Semitic, or Phoenician origin, but the puzzle cannot be admitted as solved. All authorities, however, unite in praise of the magnitude and the perfection of workmanship shown at various ruins found throughout the Mexican territory. The region adjacent to some of these raises questions as to the source of sustenance for multitudes which must have then existed, and causes speculation upon changes which may have occurred in the interval."

"Prominent among these ruins are Uxmal and Chichen-Itza, in the State of Yucatan; Palenque, in the State of Chiapas; in the State of Oaxaca, and Xoconochco, in the State of Morelos. The pyramid of Cholula, in Puebla, and those of the Sun and Moon, in the State of Mexico, have also been liberally described, but distributed over wide areas are many other ruins, which have had but little or no investigation, and rock sculptures, images, idols, and ancient pottery, found in numerous localities, are the only records of peoples whose history is unknown and whose names even are lost."

TECHNICAL EXPERTS REGISTER FOR JOBS

To date, 1,700 officers and ex-officers of the American army, the greater portion of them men who have seen service with the Expeditionary Forces in France and elsewhere, have registered with the War Department in Washington as applicants for position, it is today announced by Colonel Arthur Woods, assistant to the secretary of war, who is at present conducting a nationwide drive for the re-employment of these men.

The salaries which are expected by these men vary between \$750 and \$6,000 per year. A number of the applicants desire to continue in the work in which they have had experience before the beginning of the war. Others, on the basis of their military training, desire to enter into new fields and are willing to accept correspondingly low salaries until they have proved their worth. The list includes business men, professional men of all sorts, technical men and members of a variety of other lines of activity. Some of the specimen histories of these officers are given below:

I.—A graduate of a leading eastern college, class of 1911, taught from 1911 to 1913, did insurance underwriting from 1913 to 1918, during part of which time he was manager of the Bridgeport, Connecticut, branch of the United States Life Insurance Co. U. S. Army 1918-19, with the 301st Field Signal Battalion. Thirty years old; desires to enter into exporting or factory work, willing to begin at \$15 per week.

II.—A graduate of a leading eastern college, class of 1904, three years with the Miller & Franklin Co. installing cost system work, seven years superintendent of the factory of the Morley Button Mfg. Co., three years selling agent for same concern. Thirty-seven years old, married. Desires work as factory administrator or sales manager, at \$5,000 per year.

III.—Graduate of a leading eastern college, with degree of Bachelor of Science, did his major work in the French language and literature. Saw service as an American volunteer with the French army. Was wounded, received a citation and the Croix de Guerre. Has taught French here and abroad. Has read French literature widely and speaks French fluently. Twenty-six years old, single and desires work as master in French in an academy or private school.

POWERFUL PILE REMEDY DISCOVERED

Has Never Failed to End Most Obsolete Case of Piles in Few Days.

For years it has been proved that so-called external remedies applied to or inserted in the rectum cannot cure piles, and at the best can only give temporary relief. Surgical operations also do not remove this cause, but simply the formation.

This wonderful prescription, known as Miro Pile Remedy, is so efficient in the treatment of piles, that even chronic cases of from 20 to 30 years standing with profuse bleeding have been completely cured in from three to ten days. Think of it! Just a few doses of a carefully balanced prescription and the most persistent case of piles is absorbed, never to return.

IMPORTANT!—What is known as itching piles are not piles in the true sense of the word, although this condition may accompany a true case of piles. For this condition Miro Pile Ointment has been prepared as in such cases it is not necessary to take the internal prescription. "If your druggists cannot supply you we will gladly send either of the above mail charges prepaid on receipt of price. Internal Treatment \$1.50. War Tax 6c. Ointment 50c. War Tax 2c extra. NEWS NOTES FROM CAMP BLACKHAWK

Sixty Northern Illinois boys are having the time of their lives at Camp Blackhawk. The camp side is ideal and the weather could not be improved for camping purposes. The cook is an army chef and puts out real army chow. The bench is fine and the water warm. The neighbors do all they can to let the boys know they are glad they are there.

Each day is begun with a flag raising and salute then ten minutes of setting up exercises and a dip in the river. Everybody takes turns at the camp duties. The boys are given special details by ten groups so the work is soon done. K. P. is the choice of the police jobs but the sanitary police and special duty detail are not neglected. By nine o'clock each morning the camp is in ship shape. A half hour Bible study is proving to be popular with the campers as is the course in first aid and wood craft. In wood craft the class is attempting something out of the ordinary in a boys camp. A competition is being conducted by the boys in drawing a map of the camp grounds according to exact measurements. This is being done under the direction of Wm. H. Richie a graduate forester and landscape gardener.

Daily competitions are being conducted between groups in volley ball and in

BOARD OF TRADE SHOWS EFFECT OF FIGHT ON H. C. L.

By Associated Press Leased Wire
Chicago, Ill., Aug. 28.—A growing conviction that the agitation against the high cost of living is achieving results was reflected today on the board of trade in lower prices for grains and provisions.

Weakness of live hog prices which showed another decline was also a contributing factor in the early trading. Corn opened from 3/4 to 1/2 lower, the Dec. delivery leading in the decline. Fairly general liquidation carried prices fractionally lower where a tendency to steady was observed.

Opening prices were Sept. 1.77 1/2 to 1.78 and Dec. 1.38 1/2 to 1.39 1/2. Oats moved downward with corn, though the decline was within narrower limits. Liquidating sales and pressure from local traders were evident, though there was moderate buying of September on the break and elevator interest increasing its holdings. Opening oats prices were 3/4 to 1/2 lower with Sept. at 70 1/2 to 70 3/4 and Dec. at 73 1/2 to 73 3/4. In the early hours the market sagged somewhat below the opening figures.

Provisions fell off sharply at the start. Sept. pork declined \$2.00 on the first sale. Lard was down 25c to 60c and ribs declined 35c to 57c. Lower prices for live hogs was the principal factor in the decline in provisions. Trade was slow.

Lack of support was later manifest in the corn market and liquidating trades continued. The December and May deliveries dropped to new low record prices for the season. The nearby month also declined and prices for the cash article sagged. Under the weight of lower hog and provisions prices the general bearishness increased though support cropped out occasionally on the extreme low points. Corn closed weak 2 1/2c to 3 1/2c net lower, all deliveries being near the low points for the day. Prices at the finish were Sept. 1.75 1/2 to 1.75 and Dec. 1.36 1/2 to 1.37 1/2. Liquidation continued in provisions and the market suffered a drastic decline, a decrease of \$1.00 to \$1.50 over night in live hog prices being the moving cause.

Sept. pork sold at a decline of \$2.75 a barrel, lard fell off \$1.15 to \$1.52 a hundred weight and short ribs \$2.00 to \$2.17 a hundred pounds. Support was lacking throughout the session. The close was weak and near the low for the day. Final figures showed pork at a decline of \$2.50; lard from 8c to \$1.32 lower and ribs \$1.12 to \$1.35 lower.
